Message

What a wonderful journey it has been for SKIP, as we **REIMAGINE** and celebrate our 40th anniversary. We invite you to join us on our journey while we celebrate four decades of artistry and passion. It is still hard to believe that it has been 40 years since the first SKIP show at Ypao Beach Amphitheater and our first winter tour which included 21 performances in 14 days and lots of snow!

Playing significant roles during the formative years of SKIP were Joyce McCauley and Vivian Wolff. Today, we fondly reminisce about being the youngest among the SKIP parents, where we gained invaluable lessons from the seasoned parents. The foundation of SKIP was laid by a group of children (now in their 50s), their dedicated parents and an amazing array of internationally known choreographers from around the world. In those early years, we were fortunate to receive unwavering support from Governor Joseph F. Ada and Tony Lamorena, whose backing propelled Guam into the spotlight in the Dance World. Furthermore, the only fitting way we believe we can express our gratitude to Phil Flores for his continuous generosity is by striving to excel in all our endeavors.

The genesis, evolution and **REIMAGINED** SKIP were never centered solely around dance. It was initiated to provide a constructive outlet for participation, education and enjoyment for the kids on our island. Additionally, it serves as a platform for young minds to broaden their horizons and embrace diverse cultures through travel.

Our hearts are full as we reflect on every individual who has been a part of the SKIP family especially our "SKIP" grown amazing teachers and choreographers! Here's to another remarkable 40 years ahead for your kids and their kids!

Thank you for being a part of this milestone moment with us. Here's to 40 years of dance excellence and many more to come. We hope you will join us in the continued celebration at our 40th Anniversary Gala at the Dusit Thani Grand Ballroom on Aug. 25.

Cheers to the journey ahead!

Before the reign of *American Idol* and *The Voice*, there was *Star Search*. Reality competition shows may be a dime a dozen today, but in 1983, the *Star Search* brand brought in millions of viewers. The original 12 year run of *Star Search* remains relevant today due to the indisputably huge stars that got their first shot at a national audience on the show. Guam was so fortunate to be represented on that stage in 1991 and 1993. What a thrill to represent Guam on the International Stage that every performer from around the world dreamed of!

REIMAGINED...

Teri Knapp was a long time employee of the Guam Department of Education as a teacher and then coordinator under the department's Gifted and Talented Education ("GATE") Program. Having worked with gifted and talented children and knowing the island's children's potential, in 1984 the Knapps IMAGINED and established "Sunshine Kids In Production." Later in 1987 "Sunshine Kids in Production" was REIMAGINED and its name was changed to "SKIP Ent. Co." Despite a slight change of its name, the reason it was started and has survived several natural disasters, recessions, and the Pandemic over the last forty years has never been lost; instead it has been REIMAGINED.

Since 1984 hundreds of our children have taken dance classes from SKIP. Several SKIP alumni have REIMAGINED the positive impacts SKIP had in various aspects of their lives by trusting SKIP to recreate those positive impacts for their own children.

SKIP concerts had their humble beginnings at the UOG Fine Arts Auditorium, then at the Tiyan GATE Theatre which are both fairly small but always packed with seats sold out. SKIP concerts have since "moved up in the world" and are now held at the Father Duenas Phoenix Center and are still packed with seats sold out. The theme of every concert over the last forty years since SKIP's first, had to be REIMAGINED so that its dancers gave their parents, families, and friends the best experience at each and every concert.

Even when Teri Knapp faced the biggest challenge of her life—breast cancer-- in 2009 only months after retiring, the Knapps worked tirelessly to keep SKIP going. Teri continued to push the traveling dance group to compete off-island so that the growth of our children as dancers was REIMAGINED. Despite Teri having to seek cancer treatment off-island over a significant period of time, SKIP was always a priority for her and Lee. Lee stayed on Guam and held down the fort while Teri fought to live. SKIP was always a priority for the Knapps and the fact that SKIP is still around forty years later speaks volumes as to how important SKIP is to them and the community of dancers it has REIMAGINED year after year.

We really appreciate and love you both!

There is no way to really thank Teri and Lee for forty years of dancing except to ensure the reason they started SKIP forty years ago is REIMAGINED for decades to come!

CONGRATULATIONS

Thank You Phil Flores!

We are incredibly grateful to Phil Flores, President of Bank Pacific, for his unwavering support. Since the beginning, Mr. Flores has believed in and backed our efforts. Without his continued support, we may not have survived all the ups and downs over the years. He still helps us today as we continue to REIMAGINE how we can best assist all the dancers in their journey to become amazing adults without ever asking for anything in return. He is definitely the godfather of SKIP and smiles every time he hears one of the numerous success stories. He is a businessman who has taken the time to benefit thousands of kids on our island. Where others put branches, he plants roots! Phil Flores, we love you, and we know that we are still standing strong after 40 years because of you.
